Progress Bakery PHONE 404.

Appetite teasers, everywhere, the bakery wise. You know full well that some bakers carry a bigger line of bread, cakes, pies, cooking, doughnuts and bakery goods than others and it is common sense the one that has the trade carries the goods. We have both. Our shelves are always well stocked with first class goods. We employ only expect bakers and our delivery service is matchless.

Advice to Bridal Couples

January. No one can be married without medical examination and no one can leave the state to be married without incurring the penalty of a prison sentence. Louis G. Widule, the marriage · license clerk of Milwaukee, has found the following list of don'ts · for bridal couples:

Don't argue; don't be the boss; don't show your own importance; don't forget who you are and what your wife is; don't be decan smile when everything goes d ad wrong"; don't stay at home all the time don't let your wife vote: don't let your husband bring his business cares home: don't let your wife go through your pockets; don't have an affinity; don't forget to wipe your shoes before . you come in the house; don't "butt in."

TIMELY HINTS FOR HANDLERS

ADVICE IS GIVEN TO MINERS WHO ARE ACCUSTOMED TO HANDLING OF CAPS.

The following list of "don'ts" in he handling of explosives has been hot water pipes or other heated compiled by W. J. Olcott, president of the Oliver Iron company is reprinted from the Mining and Engineering World. They should prove of nterest to Nevada mining men:

Don't forget the nature of explosives. By sensible treatment they can be very safely handled.

Don't smoke while you are hand ling powder or other explosives, and don't handle powder and other explosives so near a light that there i danger from the flame or sparks. Don't have a lighted candle or

open light in your hat or stuck in timber over the place where you are preparing powder or caps for blast

Don't throw or allow packages of explosives to fall violently. Don't store blasting caps or electric fuses in the same box containing

dynamite or powder. Don't allow dynamite, powder, electric fuses or blasting caps to lie around loose in places where you

tric fuses in your pocket, and don't tap or otherwise investigate the same Don't aftempt to withdraw a wire from an electric fuse or an electric exploder charge from a hole.

Don't tighten a cap around a fuse by biting it with your teeth; use a a Day." can crimper for that purpose. And don't attach the fuse to a blasting

cap carelessly. Don't attempt to remove blasting caps from boxes by inserting wire nails or any sharp instruments.

Don't leave dynamite, fuse or caps n a wet place. Don't use a short fuse to hasten

explosion, or with the idea that it i onomical to do so. Don't fire a charge to shake hole

nd then immediately reload it, as he hole will be hot.

Don't do tamping with iron or steel bars or tools. Use only a wooden tamping stick with no metal parts. Don't force a stick of powder with ap and fuse attached into a hole. Don't fire a shot before every on
